Office Hours—6 a. m. to 10:30 a. m.; 3 p. m. to 8 p. m.OGDEN READY FOR
GREAT WHITE WAYFinal Contracts Signed for
New Lighting System in
Downtown District.

Special to The Tribune.

OGDEN, Feb. 13.—In accordance with the recent agreement with the Weber city commissioners today ratified the contract for the installation and operation of the "great white way" lighting system in the business district.

The parties to the contract are the city of Ogden, the Ogden Light & Power company, the Ogden Rapid Transit company and the Weber city, representing the business interests in the district to be lighted.

The contract provides that the money for the lighting system will be paid by the city of Ogden. The cost of the system will be \$100,000, of which \$50,000 will be paid by the city of Ogden and \$50,000 by the Weber city. The city of Ogden will also be responsible for one-half of the operating expenses for the first year.

The remaining one-half of the cost of the system will be paid by the Weber city. The city of Ogden will also be responsible for one-half of the operating expenses for the first year. The city of Ogden will also be responsible for one-half of the operating expenses for the first year.

WATERWORKS MAKE
SUBSTANTIAL PROFITMayor Says Dam in South
Fork Canyon Will Be
Built.

Special to The Tribune.

OGDEN, Feb. 13.—Municipal ownership of the waterworks system owned by Ogden city \$59,988.50 in 1912, according to the annual report of Assistant Superintendent L. P. Hardy, submitted to the commissioners at their regular meeting today. The report on the financial condition was accompanied by a statement from Mayor A. G. Fell, superintendent of the department, declaring that a dam on the city's reservoir site in South Fork canyon will be built as soon as the city's finances will permit, but that there would be no expenditure until the city's legal rights were established.

According to Mr. Hardy's report, the total assets of the waterworks department are \$59,988.50, of which \$55,400 is the original cost. The liabilities are represented chiefly by the outstanding bonds, amounting to this time to \$55,000. In 1912 the gross earnings of the system were \$100,359.44. The net earnings were \$55,712.25 and the net earnings were \$55,712.25.

Prior to the programme and the ball which will follow, the visitors will be guests of the cadets at a banquet, to be prepared and served by the students of the domestic science department under the direction of Miss Eva Parr, the instructor. The cadet battalions of the Ogden high school and Utah Agricultural college have been invited to attend the ball. Several hundred invitations to the ball were sent out on Monday.

The operating expenses for the year were \$15,747.58 and the interest on bonds amounted to \$24,625. Deducting the total expense of \$40,372.58 from the gross earnings of \$100,359.44, the net earnings were \$59,986.86.

In accordance with the contract entered into at the time \$100,000 bonds were issued for the building of the Coldwater conduit, it is specified in the report that the city is to pay for the payment of the second annual installment of \$2,000 on the principal from the receipts of the system. This sum is due on May 1, 1913.

PLAN BOOK ON OGDEN.
Mormon Missionaries May Be Furnished
With Literature for Distribution.

Special to The Tribune.

OGDEN, Feb. 13.—Literature descriptive of the religious advantages and educational facilities of Ogden and Weber county will be supplied to the Mormon missionaries in foreign fields if Manager O. F. Stilwell of the Ogden Publicity bureau has his plan for the distribution of the literature adopted. He reported to the directors of the bureau today that Apostle David O. McKay, who was present on the subject, had declared himself in favor of the plan.

It is the belief of Manager Stilwell that the plan for the distribution of the literature will have a tendency to relieve the widespread idea that Utah is handicapped by religious intolerance. He is combining the folders on religion and education into an attractive booklet for foreign distribution. No definite action was taken by the directors of the bureau at today's meeting.

NEW MANEUVERS PLANNED.
Governor and Staff Will Review High
School Cadets.

Special to The Tribune.

OGDEN, Feb. 13.—Several distinct features have been added to the programme of military maneuvers which will be held at Ogden during the winter season. The programme will include a review of the high school cadets by the governor and his staff.

The programme will also include a review of the high school cadets by the governor and his staff. The programme will also include a review of the high school cadets by the governor and his staff.

OGDEN, Feb. 13.—The Democratic county committee met today to consider candidates for positions as postmasters in Utah county under the coming Democratic administration. With the exception of Spanish Fork, no candidates were agreed upon definitely, the selections in the case of Provo and Lehi being left to the state committee, which has already declared that county committees must decide such matters for themselves.

W. A. Jones, a member of the county committee, was the unanimous choice for the position of postmaster at Spanish Fork. There are two strong candidates, Joseph Anderson and Elmer Peterson. Both names will be recommended to the state committee by the county committee. It is believed that he will be recommended to the state committee by the county committee.

The members of the county committee are: W. A. Jones, J. H. Clark, H. T. Taylor, A. Jones and J. H. Clark.

STONE BREAKS GLASS.
Speeding Auto Drives Small Rock
Through Window.

Special to The Tribune.

OGDEN, Feb. 13.—The unusual effect of a speeding auto upon a small stone on the pavement resulted in the arrest of Alfred Larida, a taxi cab chauffeur, by Patrolman John Russell this morning. The stone, which was about the size of a pea, struck the window of the car in such a manner as to propel it with considerable force through a plate glass window at the Blumhardt building, 123 Twenty-fifth street.

Unaware of the damage resulting from the operation of his car, Larida was later arrested on a charge of speeding. He was arraigned before Judge Reader at once and pleaded guilty to the charge, but denied that he was running his car faster than twenty-five miles per hour, because the motor would not permit of greater speed. Judge Reader took the matter under advisement until tomorrow morning.

BOYS FOUND DRUNK.
Six Lads Under 19 on Breeze With Whiskey
From Sanitarium.

Special to The Tribune.

OGDEN, Feb. 13.—Six boys, not one of the number more than 19 years of age, were arrested by Patrolman W. H. Reader and Special Officer Oscar Swanson this evening for drunkenness. They had secured several bottles of whiskey from the ruins of the burned sanitarium, all being arrested in the vicinity of the former resort.

Several of the number were so intoxicated they could not walk without assistance. All are locked in the city jail. They gave their names and ages as: William Shepard, 17; William Martin, 17; Clarence Beckman, 18; Randolph Henderson, 18; Lawrence Moulding, 15, and William Martin, 15. As the first two are under 15 years of age, their cases will probably be submitted to the juvenile court.

Asks Demurrer in Gambling Case.
OGDEN, Feb. 13.—The case of Ogden city against the seven Japs and Chinamen taken into custody on an alleged gambling resort under "Chinese" names, was called today for trial before Judge W. H. Reader. The defendants, moved for a demurrer to the complaint, which was granted.

The case was taken under advisement until Monday morning. The case was taken under advisement until Monday morning. The case was taken under advisement until Monday morning.
